

Come all you climate fighters

Melody: Unknown

Text: Skriba

It's a call and response song.

Each line is song by one or a few and is repeated by all. Tralala... is sung by all

1)

Come all you climate fighters, sing with all your might
It is time for us to fight
Our Earth is far too warm
Heat and floods and tearing storm.
We need action here today
If we want the Earth to stay
Tralalala.....

2)

Come all you climate fighters, sing with all your might
It is time for us to fight
No more poison in the ground
We want trees all safe and sound
Too much pork and too much beef
Give the planet lasting grief
Tralalala.....

3)

Come all you climate fighters, sing with all your might
It is time for us to fight
Oil and coal was yesterday
Wind and sun is here to stay
Green's the colour of the day
Oh-oh oh-oh oh-oh-Yeay
Tralalala....

4)

Come all you climate fighters, sing with all your might
It is time for us to fight
Let's take care of Mother Earth
Let's take care of Mother Earth
Let's take care of Mother Earth (to be whispered)
Let's take care of Mother Earth (to be shouted)
Tralalala.....
